Beautiful spring flowers...the trillium is easy to identify, but what about Dutchmen's Breeches? or Lady Slippers?

White birch everywhere, but what about the other trees? What kind of pine? Aspen or Oak? Maple?

From water birds to warblers. Use an app to identify it or listen to the bird calls if you cannot see it.

You are watching a fisherman land a big one...a big what? Identify the fish before you congratulate the catch.

The Manistique area is brimming with wildlife and nature. You don't have to pack a number of books while hiking, just [download an app](#) on your phone and have fun learning about the flora and fauna on our [beautiful trails](#).
